Calypso's newest vessel makes a splash in Thailand

On Sunday 28th July, Calypso's newest vessel 'Bubbles' was launched into the water in Thailand where it has been built by Gold Coast Ships.

Calypso's new vessel comes at a time when more seats are required to cater for all visitors wanting to travel to the Great Barrier Reef. After a great 2012 with an increase in tourism numbers from the year before, we are excited about being able to fulfil more guests' dreams of visiting the spectacular Great Barrier Reef and in particular, Opal Reef.

'Bubbles' will accommodate both snorkelers and divers with the option of being a dedicated snorkelling vessel if necessary.

Calypso 'Bubbles' on her maiden voyage in Thailand
